QUALITY & TRADITION

ABOUT US

MADE WITH PRIDE. DELIVERED WITH CARE.

Essmor Meat Distributors is a family-owned manufacturer and distributor in the meat trade since 1957. In 1992 we opened our own processing plant, and in 1999 we acquired Herti Meats in Boksburg.

The Essmor range covers the everyday essentials, while Herti offers continental specialities in the German tradition. You will find both in major retailers and supermarkets, and our own fleet delivers every order fresh and on time.

We take pride in every product that leaves our factory, and in looking after every customer we serve.

OUR MISSION

"We will strive to supply defect free products and services which conform to defined requirements to meet the needs of our customers, employees and others we serve."
